

Hydro is a Fortune 500 energy and aluminium supplier founded in 1905, with 36,000 employees in nearly 40 countries. We are a leading offshore producer of oil and gas, the world's third-largest integrated aluminium supplier and a pioneer in renewable energy and energy-efficient solutions. As we look forward to our next 100 years, we celebrate a century of creating value by strengthening the viability of the customers and communities we serve.

Norsk Hydro E&P Americas is part of Hydro's expanding international portfolio, and is responsible for Hydro's activities in the Gulf of Mexico. Hydro holds interests in 72 deepwater blocks, including two discoveries, and is the operator of 28 blocks.

Senior Offshore Landman

Norsk Hydro E & P Americas has an opening for a Senior Landman with significant industry experience from Deepwater Gulf of Mexico to join our Houston office.

We are seeking a person with experience in land/portfolio management, strong negotiation skills, a high level of commercial orientation, good knowledge of regulatory requirements, a well developed industry network within the Deepwater community, and the desire to work in a dynamic team-based environment.

Responsibilities will include:

- identify and mature business opportunities in relation to the lease portfolio
- negotiate and prepare contracts, including operating agreements, joint venture agreements, transportation agreements and production handling agreements
- maintain relations with industry contacts and handle contact with Minerals Management Service

For consideration please send your resume to:
Hans-Petter Hybbestad, Commercial Manager
Norsk Hydro E & P Americas
15995 N. Barkers Landing Rd. Suite 200
